

## ACCOMMODATION THAT'S RIGHT FOR YOU

### INDEPENDENT LIVING

#### 2 Self Contained one bedroom flats

This offers a more independent choice of living in flats attached to the building. Residents can live completely independently or can join other residents for meals and activities. The flats overlook the gardens and have their own dedicated parking space as well as the use of Florabank facilities.

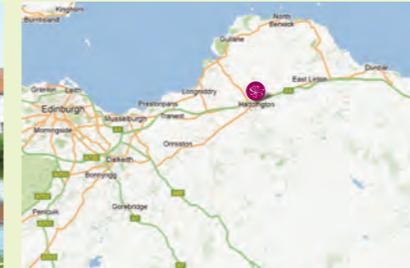

### RESIDENTIAL CARE

#### 22 rooms, 18 en suite, 2 of which can be used for double occupancy

All rooms are linked to an efficient nurse call system which provides 24 hour supervision. A variety of activities is provided within Florabank in which residents can participate if they wish and all meals and snacks are provided. All rooms are fitted with wash-hand basins, wardrobe, fitted carpets, TV point and residents may bring in additional items of their own furniture. Residents may also have their own telephone installed in their room, at their own expense.

## THE PERFECT LOCATION

Florabank is situated just a short walk from the centre of Haddington, a charming market town and Royal Burgh with a rich history. Lying in scenic agricultural country on the banks of the River Tyne, Haddington was once home to notable reformers such as John Knox and John Brown of Haddington. Local shops, cafés and library are within easy reach of the home as are the picturesque villages of Aberlady, Gullane and North Berwick.

We have ample off-street parking for our visitors and have our own mini-bus available to take residents out on trips to explore the beautiful coast, countryside and many attractions that the area has to offer.

We encourage residents and their relatives to make an introductory visit to Florabank to meet us in person and see the facilities on offer at first hand.

To find out more please contact our home manager.

## FLORABANK

*Christian residential care home*

*We're here for you*

## FLORABANK WELCOMES YOU

Florabank Home in Haddington has been providing residential care for elderly Christians in an atmosphere of love, peace and quiet serenity for nearly 30 years.

We are ideally situated in an acre of our own beautiful grounds, in a quiet residential area of the town. Ample parking is available for residents as well as visitors and our own minibus is available for outings. We have 22 rooms including 18 en-suite, two of which can be used for double occupancy if required. A friendly communal lounge is the social hub of the home and it is bordered by a sunny south facing conservatory overlooking the well kept gardens. There are also two self-contained flats attached to the building and the occupants of these can also make use of the facilities of the home.

The Christian aspect of Florabank is important to us and our trustees are all active Christians as are a number of our team. Weekly services are held in the home and daily devotionals as well as lunchtime Bible readings are regular features. Our emphasis on meeting the spiritual needs of residents helps to create the happy Christian atmosphere that makes us unique.

*Florabank is a special place, a place where our residents feel right at home.*

*"Our Dad is treated like a person with his own unique history and personality and that is a real gift..."*

**"Casting all your care upon him,  
for he cares for you."** 1 Peter ch. 5 v 7

As a charitable organisation, Florabank Home's aim is one of caring for elderly Christian people as opposed to being a commercial venture for the purpose of financial gain. Consequently, income from fees is intended to cover outgoings, with any surplus being invested back into the organisation for the benefit of existing and future residents.

## HOME FROM HOME

Florabank has two floors with a lift and a stair lift serving the upper floor. On the ground floor our spacious lounge is accessed from the entrance hall and opens onto the conservatory. This room has a piano for services and is also used for group activities and other community events. A loop system is in place for the hard of hearing.

The light and spacious conservatory is south facing and looks right down the length of the garden, which has its own ramps, ample safe paths for walking, a summer house and an extensive sheltered, seating area. Our dining room accommodates all residents at one sitting and the kitchen delivers a delicious two course lunch as well as a cooked tea.

As one would expect for a care home of this quality, Florabank has all the latest equipment and services: alarm call system, stand aids, baths with lift, an in house laundry, to make our residents as happy and comfortable as possible.

*Florabank offers everything you need and more.*

*"Mum knows she is with people who really care for her. She enjoys your company and the feeling of security and love."*
